WORK-CATCH PLATFORM
Adjustable fall protection platforms for manufacturing applications

With 30 years experience, LPI is the recognized industry leader in manufacturing lifts. Challenge us with your application.

Dual Purpose Work-Catch Platforms
Provides large stable work platform for workers and materials, and can be positioned over the leading edge of products to provide fall protection. Variable platform height (53” to 129”) and length (10’ to 16’) allows access to all work areas.

INCREASED SAFETY
Reduces fatigue and minimizes excessive movement associated with manual lifting.

AFFORDABLE
Operates off compressed air source (not included), requires 50 SCFM at 90 psi. Auxiliary air supply connection for tool operation.

APPLICATIONS
Manufacturing
Fall Protection
Material Handling
Maintenance

LIFT TRAVEL SPEED
Up: 15 F.P.M.
Down: 15 F.P.M.

Dual purpose Work-Catch Platform.
Platform with Rollouts in retracted.

Shown with Rollouts extended on each end, adding an additional 78” of platform length.

Locking steel swivel casters.
Brake provides maximum stability.

View our website - www.lpi-inc.com for more information on the Work-Catch Platforms or any of our other products. Our engineers will work closely with you to develop a system designed specifically to your application.
**Dual Purpose Work-Catch Platforms**

ALL WORK PLATFORMS, UNLESS INDICATED OTHERWISE, ARE SLAB TYPE MACHINES AND SHOULD ONLY BE RAISED ON HARD, FLAT, LEVEL SURFACES.

---

**Specifications**

- **Platform Length**: 198"
- **Platform Width**: 37.5"
- **Rollout Width**: 35"
- **Raised Height**: 44"/53"
- **Lowered Height**: 30"/39"
- **Platform Length with Rollouts Extended**: 123"

---

**Model: LPSH35123120**
