Paint / Prep / Wash Systems

Flexible Work Environment and Configurations

3-Axis Paint Lifts

Paint Lifts - Electrostatic Process

Inspection Lifts

Wash Booth Lifts

Railcar Paint Lifts

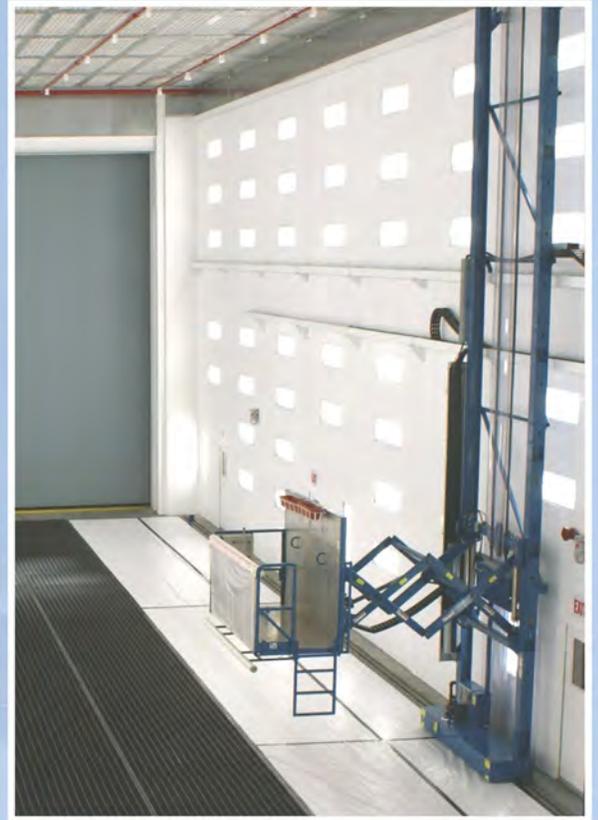

Equipment Access Lifts

Blast / Powder Lifts

Lifts Can be Designed to Fit Your Specific Application

Extended Reach Blast Booth Lifts

Aircraft Paint Booth Lifts

Powder Booth Man Lifts

High Solids Paint Lifts

3-Axis Blast Booth Lifts

Welding Lifts with Tip-Down

Assembly / Welding Platforms

Access, Positioning, Inspection, and Ergonomic Platforms

Maintenance Pit Lifts

Rail Guided Scissor Lifts

Manually Positioned Work Platforms

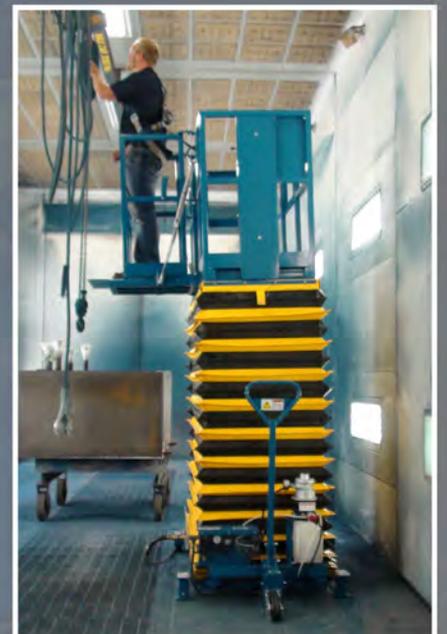

Dual Mast Work Platforms

Large Work Platform with Side Shift

Stationary Scissor Lifts

Manually Positioned Scissor Lifts

Custom Lift Systems

Lifts Can be Designed to Fit Your Specific Application

XP Overhead Lifts

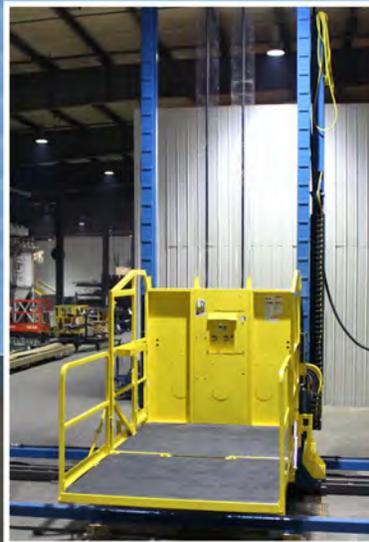

Flatbed Access Platforms

Parts Pickers

Contoured Platforms

Welding Platforms

Assembly Platforms

Promote a Safe and Ergonomic Work Environment

Inspection Platforms

- Complete equipment design and fabrication
- Lift Systems for industrial or hazardous locations
- Designed and fabricated in Eau Claire, Wisconsin • USA
- Our Credo: Safer — Better — Faster

Custom Lift Systems

Fall Protection, Worker Positioning, and Material Handling

Overhead Lifts

Worker Positioning Platforms

Material Handling Solutions

Our Commitment to Quality

LPI is recognized as an innovative partner to companies and customers who need to elevate their workers to the task at hand. We design and fabricate personnel lifts and platform systems to serve industries and customers worldwide. Application specific lift systems enable our customers to comply with regulations and standards for worker safety.

With over 100 years of combined experience, our sales and engineering team will manage your project through the design and fabrication process to provide you with a cost effective lifting solution.

Typical Applications:

- Paint/Powder Coating Applications
- Blast Booth/Room (Stripping and Surface Prep)
- Welding/Fabrication
- Assembly
- Wash/Rinse (Prep)
- Fall Protection/Safety/Ergonomics
- Maintenance/Inspection
- Material Handling/Loading Bays
- Clean Room

Common Industries Served:

- Aircraft and Aerospace
- Agricultural and Construction Equipment
- Electrical Power and Distribution
- Light Rail and Bus Manufacturing/Maintenance
- Military Equipment
- Rail Car and Locomotive Manufacturing/Maintenance
- Rail Systems
- Transit Authorities
- Trucks and Recreational Vehicles

Challenge us with your application!

LPI® promotes a safe and ergonomic work environment which increases worker productivity. Specifications may be changed subsequent to printing. No part of this information may be reproduced in whole or part without written permission.
